

WOMEN'S ROWING FREQUENTLY ASKED QUESTIONS

“I don't have a car. How will I get to the boathouse for practice?”

The boathouse is only 3 miles away from our campus and we provide a bus to and from all practices, races, and team events.

“Will I have time to participate in anything else on campus?”

While being a Division 1 student-athlete is challenging, a majority of our team is involved in other clubs, community service, or have jobs.

“I'm concerned about having enough time for my academics. Do you have services to help?”

As a student-athlete at SJU you have full access to the Office of Educational Support Services for Student-Athletes. The office serves as a liaison between the athletic department, faculty, and administration, serving as a secondary advisor to student athletes. The office provides student athletes with many resources to assist them in reaching their academic goals, including study-hall hours, tutoring, progress reports, registration assistance, and classes on time-management skills.

“What other perks come with being a student-athlete?”

Aside from the long-lasting friendships you will make with your teammates and the great physical condition you attain, as a student-athlete you gain priority registration every semester, access to free printing services on campus, use of a state-of-the-art athlete-only weight training room and team trainer, and access to the Athletic Training room.
